Appetite teasers, everywhere. Be bakery wise. You know full well that some bakers carry a bigger line of bread, cakes, pies, cooking, doughnuts and bakery goods than others and it is common sense the one that has the trade carries the goods. We have both. Our shelves are always well stocked with first class goods. We employ only expert bakers and our delivery service is matchless.

## PITTMAN'S GREEK FRIENDS COST THE COUNTRY \$50,000 EACH

Advices from Washington convince us that in our previous estimates of Senator Pittman's statesmanship and patriotism we may have erred. We are free to admit that our estimate has been low. We failed to recommend him to the people of Nevada while he was making his campaign for senatorial honors, and we have failed until now to find in his record in congress ought to change our earlier calculations.

During the long-drawn-out discussion of the administration tariff bill Senator Pittman on two distinct occasions declared his lack of consideration for the people comprising one of the large foreign elements in Nevada's population. This attitude assumed no fearlessly by the senator has been accepted by the foreign-born voters of all nationalities as applying more or less generally to them. But a reservation must be made, it seems. The senator is distinctly partial to the Greeks. Or at least he was. And now the story comes from Washington to the effect that the four Greek votes in Nevada have cost the government \$200,000 a year in revenues. By the same token, California raisin growers have gained an advantage of half a cent a pound over the importers of Zante currants and raisins.

It seems that the house tariff bill fixed a duty of two cents a pound on Zante currants and raisins. The senate cut this to one cent, and the controversy went to conference. This is where the Nevada Greeks were heard from. Some one told Senator Pittman that there was a big Greek vote in Nevada. The same sort of story was carried to Senator Saulsbury of New Jersey. Of course both of these gentlemen, being patriots and statesmen, were at once determined to preserve the right of their Greek constituents to eat raisins from their own country. So Senators Pittman and Saulsbury labored tirelessly with the tariff conferees to keep down the tariff on the precious Zante raisins. So after a compromise of a cent and a half a pound had been reached Representatives Church of Fresno and Raker of Modoc started an investigation. They found from the records of the department of labor, it is reported, that since 1906, and until the present time, there have been but four Greek voters in the entire state of Nevada. When Mr. Pittman was comforted with this data from the records he instantly wavered in his loyalty to Greece and her expatriates and proceeded at once to write a letter to President Wilson withdrawing his opposition to the Zante raisin duty. But it was too late, as even President Wilson did not care to instruct the conferees to alter their report.

In this simple way has it come about that while Senator Pittman would not consent for a moment to any amendment of the tariff bill which would afford partial protection to the best-sugar and wool industries of this state, he was unwittingly convinced so that four Nevada Greeks have cost the government \$50,000 a year each.—Reno Gazette.
